FINAL EXAMINATION SCHEDULE FOR SPRING SEMESTER 2006

EXAM PERIODS: GRADUATING SENIORS ONLY – April 29 – May 3 ALL OTHER FINAL EXAMINATIONS – May 1 – May 4

Final examinations are to be given in accordance with the following policies.

- Final examinations must be taken during the four-day exam period presented below.
- Instructors are encouraged to give final examinations at the assigned times, but they may schedule the examinations during other assigned periods if the new times do not conflict with any of the other scheduled examinations of the students in their classes.
- Students with more than two examinations on the same day may request, of one of their instructors, an alternative examination time during the examination period.
- Instructors may allow students to self-schedule their examinations during the exam period, and in these cases they may extend the time allotted for their examinations up to a maximum of three hours.
- Instructors may, at their discretion, allow graduating seniors to begin taking self-scheduled final examinations on the Saturday immediately preceding exam week in the spring semester.

Exceptions to these policies must be approved, in advance, by the Dean of the Faculty.

Instructors are responsible for providing their students with information regarding any change in the scheduling of their final examinations. Instructors are also responsible for reminding their students that they are not to discuss the content of final examinations prior to the conclusion of the four-day examination period as such discussions may involve violations of the Honor Code.
